**Date: Tuesday, 14<sup>TH</sup> JULY 2020**

**Interface: Zoom, YouTube, online**

## **ABOUT THE COLLEGE**

**Janata Mahavidyalaya was started by Hon'ble Shri S.B. JIWATODE GURUJI in the year 1958** to educate the students especially belonging to socially and economically backward sections of the society. Initially, under-graduate courses in Arts and Commerce were introduced. In the year 1961, under-graduate courses in Science were also introduced. It was the only college in the combined Chandrapur-Gadchiroli District when it was established. The college runs Post-graduate course in Commerce, Arts (English and Economics) and Science( Physics, Chemistry, Botany, Zoology, Microbiology and Computer Science) considering the need of the students.

**The college has been Re-accredited by National Assessment and Accreditation Council (NAAC), Bangalore, with B+ Grade with 2.67 CGPA.** It is now in the process for third cycle.

**There is a complete lockdown throughout the world to fight with Covid19 pandemic as no vaccine has been invented till date. Lockdown and social distancing seems a present solution to save the people from pandemic. However the sudden lockdown has created a tremendous impact on the people especially on the marginalized section, women and farmers', especially in India. India is a country having class and caste barriers in society which has multiplied the gravity of lockdown on weaker sections, daily workers, poor people etc. and the also it has snatched the health, shelter, livelihood and even food from these people.**

**Thus in order to study the impact of COVID-19 on these marginalized sections of society and find some solutions to it, this online webinar has been organized by Janata Mahavidyalaya, Chandrapur. Eminent speakers will throw light on the present theme. The co is open to all- faculty, researchers, students and common people.**
