Incubation and Innovation Cell (Institutional Incubation Center)

Introduction:

Business enterprise in India is taking a strong leap. This moreover hurls new open entryways for the eco-structure to happen as expected.

We know that startup incubators are institutions that help entrepreneurs to develop their business, especially in the initial stages. As an early stage mentors, incubators are an important part of the startup ecosystem.

Therefore to encourage and facilitate entrepreneurial skills and ideas across all disciplines and establish collaborations with industries and entrepreneurs, to guide our students this *Cell for Incubation and Innovation* has been established in our institution.

This cell at our college looks forward to the participation of students who have vibrant ideas, its alumni and also the local entrepreneurs in and around Chandrapur city.

AIMS AND OBJECTIVES OF THE INCUBATION AND INNOVATION CELL:

1. To tap and nurture innovative ideas in business and research.
2. To facilitate financial assistance for developing start-ups, innovative ideas and enterprises from different agencies.
3. To ease the supporting facilities for business ideas among the students.
4. To connect with mentors and opportunities through conducting workshops, seminars and interactive sessions.
5. To connect with successful students-turned-entrepreneurs.
6. To get information about Government, non-government initiatives about academics industry collaborations.
7. To monitor the working of Research and IPR cell.

- To conduct workshops and seminars on Intellectual property rights (IPR) to protect and transfer knowledge effectively to a wider society.

Working of the Cell:

The cell is supposed to work on two levels-

- The first level is of innovative ideas related to business.
- The second level is of innovative ideas in the field of research.
